Bunk Richardson Is Forcibly Taken  
From Jail at Gadsden and Strung  
Up on a Bridge by a Mob  
Sunday Morning.

Climbs a Ladder to Roof, Smashes  
Skylight and Bones Broken Before  
the Party Could Be  
Secured by Attendants.

Gadsden, Ala., Feb. 12.—Bunk Richardson, a negro charged with the murder and assault of Mrs. Sarah Smith, here July 15 last, was forcibly taken from the jail here at an early hour Sunday morning and hanged to the bridge of the Louisville and Nashville railroad cross Cooper river. Twenty-four masked men went to the jail, overpowered the sheriff and made short work of the prisoner.

Four negroes were charged with the crime against Mrs. Smith, one of the most fiendish ever committed in the state, two of whom have been legally executed. The third, Will Johnson, was recently convicted and sentenced to death, but last week Governor Jelks, believing there was strong doubt of the prisoner's guilt, relieved the negro's sentence to life imprisonment.

Richardson had not yet been indicted, but was in jail awaiting the action of the grand jury.

At the coroner's inquest held to investigate the lynching the only witnesses to testify were Sheriff Chandler and Jailer Dixon, who said they were overpowered, and Police Officer Brandon, who said he heard the shooting and was ordered by the members of the mob to go back to town. The verdict was as follows: "We find that the deceased Bunk Richardson, came to his death by strangulation from hanging, or a wound in head, at the hands of a party or parties to us unknown."

Shortly before leaving Montgomery for New York Sunday night, Governor Jelks was notified of the lynching by a telegram from Sheriff Chandler of Etowah county. Governor Jelks said that as soon as he returned from New York he would take active steps toward bringing the lynchers to justice.

### VISIT OF BISHOP KINSOLING.

A Strong Sermon Sunday—Class of Nine for Confirmation.

Right Rev. George Kinsoling, Bishop of Texas, was in Bryan Sunday on his annual visitation and officiated at the morning service at St. Andrew's church. There was a large congregation present and the Bishop preached a strong sermon on the need for organized church work, or concerted effort in the church. He said this is an age of institutionalism instead of individualism, and that men are as a rule more active and zealous in all other organizations than in the church. They identify themselves with lodges, political parties and various other institutions

and yet hold aloof from the church. The Bishop effectively used the story of Jethro to illustrate his meaning, and said there were today too many Jethros, many of whom are willing to help from the outside, but who hold aloof and will not identify themselves with the church organization.

At the conclusion of the service the rector, Rev. Mr. Davis, presented to the Bishop a class of nine for confirmation, as follows: Misses Cora Garth, Mary Ross Parker, Rosalie Doremus, Bettie Bounds, a pupil of the A. and C. Institute; John S. Cavitt, Lawrence Parker, Chas. Crocker, a student of Allen Academy; E. Rohde and Prof. A. G. Harold of College.

### RECORD OF "OLD VULCAN" LODGE.

Major Joe B. Reed informs the Eagle that Mr. W. J. Walker, recorder of Vulcan Lodge A. O. U. W. of Bryan has received a check for \$2,000 for Mrs. J. W. Leigh, the amount covering the benefit certificate of her late husband who died Jan. 22. Mr. Reed is also in receipt of a letter from Grand Recorder Will A. Hassell of Dallas, stating in reply to inquiry, that the Grand Lodge has paid to Vulcan Lodge a grand total of \$112,436.20, including the Leigh claim. There are now two other claims pending, those of the late Mr. S. C. Lawless and Capt. S. M. Derden, which will be paid in due course, and which will increase the above to a grand total of \$115,436.20. Mr. Hassell adds: "With such a record, I trust there may be a number of new accessions to 'Old Vulcan.'"

MEN'S FURNISHERS

The A. and M. College senior class of the department of civil engineering, consisting of seven-teen men, spent Saturday near Valley Junction inspecting the steel bridge recently erected by the I & G. N. railroad across the Brazos river. The class was accompanied by Prof. Spence.

A movement is on foot among the students of the A. and M. College to send a delegation to the international meeting of the students' volunteer missionary movement. The meeting will be held at Nashville, Tenn., Feb. 28 to March 4, inclusive, and it is said that 40,000 college men are expected to be in attendance. Delegations will go from all Texas Colleges and the students at College seem determined that their school shall be properly represented. The movement has for its object the awakening of interest in Bible study as well as in missionary work in foreign fields, and is most commendable and worthy of the encouragement it will doubtless receive throughout the country.

### FOR ALDERMAN.

The Eagle desires to direct attention to the announcement of Mr. J. E. Covey as a candidate for re-election to the office of alderman of Bryan at the ensuing city election in April, subject to the action of the city democratic primary to be held Feb. 20. Mr. Covey has held this office one term and has given efficient attention to his duties. He is familiar with the affairs of the city, and with the benefit of his experience and his close identification with the interests of the community as a citizen and business man, is in every way qualified for the duties of the office. He has been a resident of Bryan for many years and is well known and popular.

### ATTENTION, KNIGHTS OF PYTHIAS.

There will be a called meeting of Brazos Lodge No. 64 tonight at eight o'clock, for initiation work in first and second degrees. All members are requested to attend and visitors cordially invited.

### HACK SERVICE.

Headquarters at Exchange Saloon. After closing hours you can get information at Exchange Hotel or Central depot. Very prompt attention given to all calls. Very respectfully, Ed. Tally. 63

The students in the electrical engineering department of the A. and M. college have just completed two pieces of practical work, equally valuable to the department and to the students. One was the overhauling, rewinding and practical reconstruction of four motors that had been cast aside. They are now practically as good as new. The other was the construction by the students of a special laboratory transformer, which will furnish two and three place currents at any desired voltage. Such an instrument could not be purchased for less than \$300 or \$400.

Class No. 1, composed of the little folks of the Methodist Sunday school and one of the best classes in the school, is rejoiced beyond measure by the gift of a small folding organ from the ladies of the Home Mission Society. The organ was used for the first time Sunday in the class room, and is a splendid little instrument with excellent tone and surprising volume. The instrument closes up in a nice leather case with a handle on top, and is easily moved or carried with one hand.

The special committee of the city council, having under consideration the water and light service, held a conference Saturday night with Judge Hudson, employed as attorney for the city, and agreed upon terms of procedure which will be submitted to an informal meeting of the council on Wednesday for consideration and approval. As The Eagle understands it, the committee has power to act, but prefers to lay the plan before the whole council before doing so.

M. H. James has on display a big stock of the latest fancy and comic valentines. Call and see them. 58

Every dollar's worth of remaining stock of piece goods will be retailed at actual cost. Burt Norwood. 59

**Weak Hearts**

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.  
Mr. D. Kauble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

**PRIEST ATTACKED.**  
Dissension in a Congregation Causes Serious Results.  
Chicago, Feb. 12.—An attack by a crowd of angry Lithuanians Sunday upon the residence of Rev. Edward Stefanociz, a Catholic priest, resulted in the fatal shooting of one man and the serious injury of a number of others. The assailants were all members of the church over which the Rev. Stefanociz presided.  
Dissension among the members of the congregation over the control of the church funds, culminated in violence during the Sunday services. Women are said to have opened hostilities by hurling a missile at the pastor. Pursued by the worshippers, the priest retreated to his residence. There he was besieged for more than an hour in spite of efforts of a squad of police, who hurried to the scene. The police repeatedly charged the mob, who had armed themselves with clubs and stones and succeeded in dispersing them by firing into the crowd.
